### 1. ABOUT THE CONFERENCE

The University of Bahrain in collaboration with the Business & Economics Society International (B&ESI) invite participants for the 38th B&ESI International Conference to be held on the campus of the University of Bahrain, March 2-4, 2022. The event welcomes academics (business / economics professors and administrators) as well as corporation / government executives and economists. They may attend as Observers or oral / poster Presenters.

The conference will

- Focus on the effects of successive industrial revolutions on the global economy, wealth distribution as well as goods / services and capital flows;
- Consider, in the light of new economic developments that relate to the Fifth Industrial Revolution, the most important new administrative theories, which are expected to change the map of financial and administrative dealings and transform machines from servants to decision-making partners;
- Hold open discussion / brainstorming and workshop sessions for all those interested in business and economic problems in the era of robotics; additionally, it will promote new research disciplines in business analysis as areas of study and development.

The conference is in accordance with the mission of the B&ESI which aspires to

- Serve as a forum for everyone interested in Business and Economics issues;
- Facilitate communication between Practitioners and Business/Economics Academicians as they pursue excellence in practice, teaching and research;
- Promote the disciplines of Business and Economics as fields of study;
- Enable participants from other disciplines (Law, Health Sciences, Humanities, Political Science, Computer Science, Pharmacology, and Engineering) to present ideas and/ or research findings that relate to Business & Economics.
